What we get up to in Ash Class!

8.5.26

Literacy

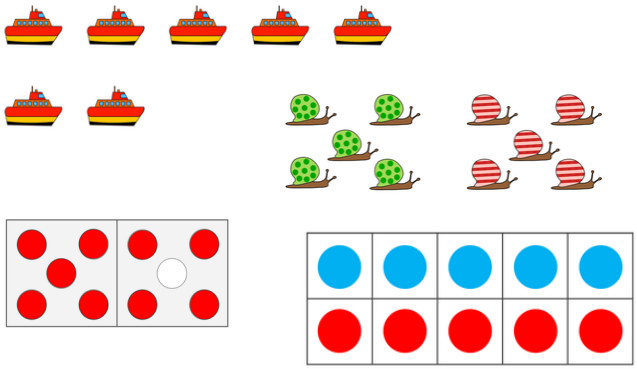

This week, we are carrying on with our learning about things that grow by reading the story 'When I Was a Child' by Andy Stanton. It follows a Grandma who feels she has lost some of her wonder as she grows older, until her Granddaughter helps her find it again. In Drawing Club, we are writing about the magic in our own stories and thinking about the feelings, emotions and changes that come with growing up.

The Hutchins School Kindergarten Students recite 'When I was a Child' by Andy Stanton.

Maths

This week, the children reviewed numbers 6 to 9 using the idea of '5 and a bit' and then learned different ways to make 10. They built groups of 10 objects and used patterns, finger shows, and frames to spot the two parts of 10 quickly.

PE

This week in PE, we have been exploring different ways to travel, moving in various directions and over different distances. We have also been creating and holding bridge shapes and balances. I can take big and small steps. I can make a bridge and crawl underneath my partner's.

Home Learning

This week at home, try making your own simple obstacle course. Move in different directions, take big and small steps, and see how many ways you can travel through it.

Talk with your grown-ups about something you can do now that you couldn't do when you were younger. Draw a picture to show your special skill.

Notices

PE lessons are on a Wednesday afternoon, please make sure that children come to school wearing full PE kit with earrings removed.

Library Day - Tuesday please bring the books back in so the children can swap them for another book.

Reading Books - Friday please bring the books back in so we can give the children their next book.
