What we get up to in Ash Class!
24/10/25

Literacy

This week we have been learning about Diwali and how some of the things that people with the Hindu faith do to celebrate are very similar to other celebrations such as lighting candles for birthdays, setting off fireworks for New Years and eating big meals for Easter celebrations. We have been looking at our own kind of celebrating and how we celebrate achievements in school.

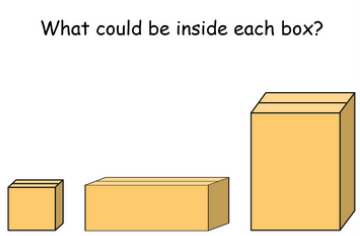

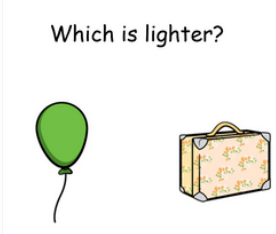

Happy Diwali to all our families celebrating this week!

Maths

This week, the children have been learning about capacity. We have been looking at different sizes of objects and using the language of big and small to describe them. We have been looking at containers and seeing whether different items can fit into them. We have also been talking about items that are heavier and lighter. The children almost always thought the bigger items are the heaviest but we know that, that is not always true.

Phonics

In phonics we are continuing to blend. Fred can only speak in sounds. He says d-o-g, h-a-t etc. Speaking like Fred helps children to understand that words are made up of sounds. Fred helps children practice blending sounds together because he needs the children to say the words for him. Fred says d-o-g, children tell him the word is dog. Have a go at this at home.

Fred

Notices

After half term we will be learning all about children 'around the world' We will be looking at children in different classrooms across the world and comparing their learning experience to ours.

If you or your family have ever lived in a different country it would be lovely to see some pictures of this to help support the children's knowledge. Please send these in via Tapestry.

Library Day - Tuesday please bring the books back in so the children can swap them for another book.

Sound Blending Books - Friday please bring the books back in so we can give the children their next book.
