What we get up to in Ash Class!

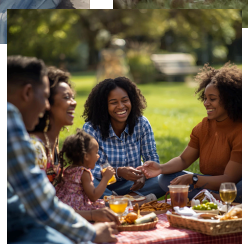

10/10/25

Literacy

We have been continuing to talk about the different types of families that there are in Ash Class. We have also been talking about our similarities and differences. We have been talking about how we are all unique and are all special!

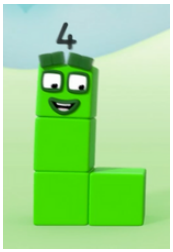

Maths

This week, the children have built on their subitising skills. They have been developing 'perceptual' subitising – instant recognition – by saying the number of sounds that they can hear, such as claps or drum beats, without needing to count. You can try this at home!

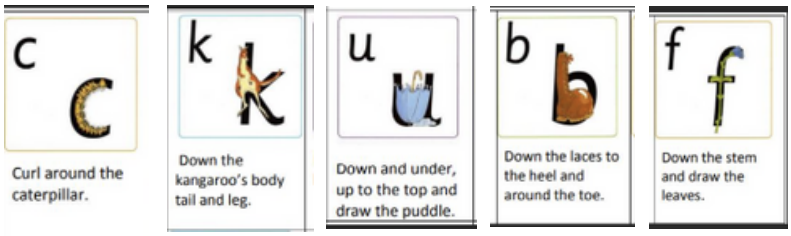

The children have met Numberblock four! Numberblock Four can be arranged with 2 blocks on top of another 2 blocks or as a line of 3 with 1 on top, and connect both to 4. It is important that children see that numbers are made up of other numbers.

Phonics

We have been learning these sounds in preparation to start blending these together to read words. I will regularly post video links on Tapestry so you can look at these with your children - please look out for them.

We have also been practicing writing the sounds too using the little sayings underneath the sounds. You can try this at home.

Notices

If you are still having trouble accessing Tapestry please let me know. It is such a great platform to share the children's learning.

TAPESTRY

Ash Class exhibition - Wednesday 15th October at 9am

All parents to attend - a chance to see your children in their classroom and learn about how phonics is taught at Cherrywood.
