Cherrywood News

Message from Mrs Lewis

The year is coming to an end!

Next week is all about transition with children experiencing life in their new classrooms. Please look out for signs so you know where to drop off and pick up your child.

As always there will be adults available to help you or answer any of your questions.
Also please take the opportunity to visit your child's new class teacher—dates and times are on our special notice board.

In addition end of year reports will be coming out to. These will all be emailed so keep an eye on your inbox.

Best wishes

Safeguarding—Online Safety

There are lots of useful resources to help with your child keeping safe online. The most useful of these for parents and carers are:

The NSPCC online safety hub which provides guides and advice for parents.

Internet Matters which offers practical tips, as well as expert support to help keep children safe online.

Childnet's parent page provides resources and toolkits for parents.

If you have concerns about your child or another child's safety online please do make sure that you report this to school. It's important for children to learn to "**recognise safe and unsafe behaviours and try hard to keep safe both in person and when online**" and we do this through regular lessons in school,.

There is also the Thinkuknow parents page, the National Crime Agency's child protection education programme. This provides information, as well as the opportunity to report concerns, if you have concerns about the content or safety of children through websites and apps.

The most important strategy for keeping children safe is to talk to them regularly about their use of the internet and any apps or games they play, asking them to explain these and monitoring devices. All children should be safeguarded by parents and carers from apps and online games which are designed for older children or adults.

Question of the week

Following our newsletter last week the school council asked whether you felt adults should be stopped from smoking at the school gates. 100% said yes! It was good to hear your agreement.

Please keep our gateways a smoke free zone—including the use of vapes.

Taster Day at Yateley School—Year 6 2024/2025

Yateley School will be having a Year 6 Taster Day on 24 September 2024, followed by an Open Evening on 25 September. There will also be Open Mornings on 2nd and 3rd October. Further details will be sent out at the start of September.

Chestnut Class DT - Trunkies

In DT year one have designed, created and evaluated some amazing Trunkies. It was great to see the children experimenting with different ways of building and being proud of their efforts, even when things didn't go quite the way they planned.

I worked really hard on my trunki and am proud of it, even though it does not work. Next time I need thicker axels so my wheel stoppers stay on.

Mia

My Trunki has four wheels and I designed it with hair. I showed ambition when building it and tried out different ways of making it move. It works by pulling on the string.

Persephone

My Trunki has ears. I showed curiosity when I was designing my Trunki and I looked at different vehicles. It has four wheels which are on an axel. I am proud of my work.

Georgiana

CM Sports - Football sessions

This morning each class took part in a football session with CM sports. The children all enjoyed the opportunity to show the school values whilst playing and learning new skills. CM sports will continue to run football club in the new school year. The poster below explains how to book.

I enjoyed kicking the ball as any times as I could. We showed team work by sharing and supporting each other.

Andrea

I loved doing keepie-uppies. I showed resilience by trying and trying again. I pointed my toes upwards to help but sometimes I pointed them down by accident.

Luca-James

In football we had to show team-work and encourage each other. I also showed resilience as I kept trying to shoot.
