Cherrywood News

Message from Mrs Lewis

I must apologise that my messages about sun hats and sun cream in last week's newsletter appeared to frighten the sun away!!!! Year 6 however, who were completing their SATs tests this week, were probably grateful for the slightly cooler weather. They all did an amazing job and showed great resilience, we are really proud of all their efforts. They are now focused on creating some amazing writing.

We all need to keep our fingers crossed for next week so that it is dry enough for all of our sporting events. It is the last week of this half term and it is certainly a busy one.

Get Fit For Your Wellbeing

Children to wear school PE kit all week next week please.

Don't forget about applying suncream before school and bringing a water bottle.

Parents please join us for the show case events as well as our morning walk.

Question of the week

It was lovely to hear how much you value the class assemblies, exhibitions and computing workshops. The children are always so thrilled when their family members attend. These events can all be found on the dates page of this newsletter so please plan ahead. From your responses it appears that you enjoy the variety of having different events so you not only get the chance to see your child perform to an audience but you also get to work alongside them.

Safeguarding

The role of the school in helping to keep children safe grows bigger and bigger each year. Many of the changes are due to online safety considerations. Our safeguarding policy (page 27) sets out the types of cyberbullying issues that we have a responsibility to investigate, this includes those that happen on devices outside of school. Parents have such an important role in ensuring their children behave respectfully online. If you would like any help in how to do this please visit our website or pop into the school office and ask for some advice.

Wow Work

Georgiana is really proud of her work for being able to write using joined handwriting, something she has been working very hard to achieve this term. Mrs Hazelton is very proud of her hard work and determination too!

Mrs Hazelton is very proud of Harry's work to produce his own book with pictures and sentences. Harry worked hard at home and is clearly proud of his hard work too!

Year 3 Computing Workshop

Only a few parents joined us sadly, but those who did thoroughly enjoyed learning all about the many ways their children had been using computers this year. When I visited the workshop to talk to children about their work there were extremely knowledgeable and proud to show me what they had achieved.

Hatchlands Visit

We took our last group to Hatchlands last week. They had a lovely time exploring the wonderful woodlands in the sunshine, and we even made friends with some donkeys.

I enjoyed exploring the woodland park finding things to fix and I learnt how we can help each other through teamwork with children from another school. I had a good day! **Tyler**

I liked finding all the different types of bugs and liked looking at them through the magnifying glass. I also learnt about butterflies and had my lunch near the donkeys (don't worry we washed our hands!) **Lyla**

I enjoyed going to the park because it was fun especially when we played in the tunnel. I enjoyed playing with Maddy from the other school. **Molly**

I enjoyed the bug hunting because it was lots of fun and I made friends with the other school. I learnt to use the magnifying glasses to see the wings on the ladybugs. **David**

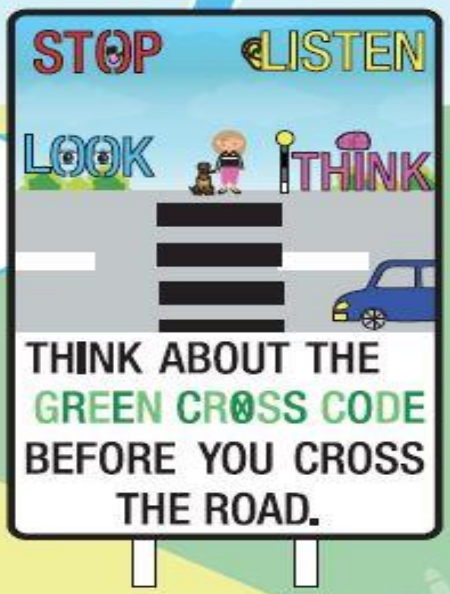

Walk to School Week

2024

Your school is supporting
'WALK TO SCHOOL WEEK'
Monday 20 May – Friday 24 May

designed by Charlotte Aston from St Luke's Primary School

How can I help?

- Walk with your child and discuss potential hazards such as driveways, junctions, parked cars and bends
- Work out together the safest route even if this involves a slightly longer journey
- Let your child suggest places to cross and discuss their choice
- Practice the green cross code on your way to and from school - reminding them to stop, look, listen and think

I don't have time to walk!

- Park the car some way from the school gates and walk the last part of the journey
- Try to find time to walk with them once during the week
- Your child will qualify for a certificate if either option is taken

What are the advantages of walking?

- The chance to teach important road safety skills which cannot be taught in a car
- The chance to learn about the local environment
- A chance for a chat about the day
- Less congestion at the school gate
- A healthier way to start the day
